General disclaimer

This brochure is intended for marketing purposes and contains only a summary of Medihelp's benefits. On joining Medihelp, members will receive detailed information. In case of a dispute, the registered Rules of Medihelp apply, which are available on request. The information in this brochure is subject to approval by the Council for Medical Schemes. The content of this brochure may change from time to time. Please refer to Medihelp's website for an updated brochure or consult Medihelp's Rules for the latest information. We encourage you to seek financial advice about your healthcare cover by speaking to your financial adviser.

Why Medihelp

With a value-driven mindset, we focus on fulfilling your health and wellness needs by customising our products and services to ensure an individualised experience when interacting with the Scheme in terms of the following four key areas: Products, services, value and engagement.

Always there for you

There are various ways in which Medihelp ensures consistent interactive **engagement** and **service** delivery:

- **Phone** Medihelp's Customer Care centre
- **Email** or **write** to us
- Use the **live chat** feature on Medihelp's website to receive instant online support
- Get answers to Medihelp questions with our **Quick Answers** functionality on the website
- Make use of Medihelp's **digital service platforms**, where you can:
 - view and share your Medihelp e-membership card,
 - download your annual tax certificate,
 - update your contact details,
 - get hassle-free e-authorisation for hospitalisation,
 - submit and track claims,
 - monitor your available benefits,
 - access your health data and share it with a healthcare provider,
 - create and update your unique health profile, and
 - find a healthcare provider near you.

Peace of mind

Stability

- Medihelp's **solvency level** is consistently well above the industry requirement
- Being self-administered allows for reduced **administration costs** and a hands-on approach
- Medihelp also has **more than a century's experience** in the medical schemes industry
- **AA-** rating for claims payment ability by Global Credit Rating for 9 consecutive years

Sustainable risk pool

- Medihelp's customer base continues to grow at an **average age of 37 years**, contributing to a healthy risk pool
- **One of the five largest** open medical schemes in South Africa

Why Medihelp (continued)

Products

tailored for different healthcare needs

With a range of ten options to choose from, including comprehensive, savings and income-based options as well as a product for students and an affordable hospital plan, we have options to suit a variety of lifestyles and health profiles.

Full cover

270 prescribed minimum benefits &
26 chronic conditions

No overall limit

on hospital cover

Unlimited cover

for trauma and emergencies

Added insured benefits

Access to screening, preventive, maternity and child benefits

Networks – pay less

by using quality networks of private hospitals and healthcare providers

Care programmes

to assist members with specific healthcare needs, such as our Chronic Care and back treatment programmes

Large family

On Prime options you only pay for two children younger than 18 years, the rest receive free cover

Kids are grown up

- Children pay child dependant rates until they are 26 years old
- Ask your adviser about the option specifically for full-time students

Adding value to your Medihelp experience

- HealthPrint is Medihelp's free online wellness programme which provides relevant health support and value
- Wellness days for corporate groups
- An emergency app that ensures you and your loved ones can be located in an emergency

|--|---|--|---|--|---|---|--|---|

Summary of benefits

Prime 1 Hospital plan

This hospital plan is ideal if you are healthy and want access to private healthcare at an affordable price. You get cover for hospital admissions at any private facility, minor day-to-day medical expenses and added insured benefits such as pregnancy consultations and flu immunisation. Save 22% in monthly contributions when choosing a network of 113 quality private hospitals as an alternative.

Prime 2 Savings

The Prime 2 savings option is ideal for young, healthy couples and provides the value of private hospital cover at a facility of your choice. This is combined with a 15% savings account and added preventive care and insured benefits such as pregnancy and baby benefits, and screening tests. Save 22% in monthly contributions when choosing a network of 113 quality private hospitals as an alternative.

Prime 3 Comprehensive

With ample insured cover for day-to-day medical expenses, comprehensive hospital cover at the facility of your choice, and added insured benefits, this is the ideal plan for families and individuals with more extensive healthcare needs. You can choose a network of 113 quality private hospitals and save 20% in monthly contributions.

Elite Comprehensive

Elite is a top-of-the-range medical aid plan for those who have more extensive healthcare needs. It offers a wide range of medical benefits varying from extensive in-hospital cover to generous insured day-to-day and chronic benefits.

Contribution table

This table provides a guideline for contributions based on your family's composition. You pay child dependant rates for kids until they are 26 years old and you only pay for the first two children under 18 on the **Prime range**. Please note that late-joiner penalties and employer subsidies were not taken into consideration. Speak to your accredited adviser to obtain a more detailed quotation based on your information.

CDL – Chronic Diseases List
 DSP – Designated service provider
 EMS – Emergency medical services
 GP – General practitioner

M – Member
 MT – Medihelp tariff paid by Medihelp for benefits which can include a contracted tariff or the single exit price
 OAL – Overall annual limit

PMB – Prescribed minimum benefits

Added insured benefits

These benefits are provided in addition to other insured benefits and available annually unless otherwise indicated.

Women's health

Women have access to benefits for:

- A pap smear requested by a medical doctor
- A mammogram for women 40 years and older requested by a medical doctor
- A flu vaccination at Clicks/Dis-Chem pharmacy clinics

Enhanced maternity benefits

- Free registration for and participation in the Medihelp HealthPrint pregnancy and baby programme with support and baby goodies
- Up to 12 antenatal and postnatal consultations per family at a gynaecologist, GP or midwife (up to 8 on Prime 2)
- One amniocentesis screening per pregnancy
- Two 2D ultrasound scans per family
- Flu vaccination during your pregnancy at Clicks/Dis-Chem pharmacy clinics

Child benefits

- Child flu vaccination at Clicks/Dis-Chem pharmacy clinics
- Babies under a year receive two additional visits to a GP or specialist
- Full schedule of standard child immunisations covered up to 7 years at Dis-Chem and Clicks pharmacy clinics

Routine screening and immunisation benefits

Available at Clicks/Dis-Chem pharmacy clinics per person:

- One combo test (blood glucose, cholesterol, BMI and blood pressure measurement) or individual blood glucose or cholesterol test
- HIV testing, counselling and support
- A tetanus vaccine
- Two HPV vaccinations for girls and boys between 10-14 years and three between 15-26 years

Men's health

- A prostate test (PSA level) requested by a medical doctor for men 40 years and older
- A flu vaccination at Clicks/Dis-Chem pharmacy clinics

Additional screenings and immunisation for over 50s

- An FOBT test for people over 50 years
- Women over 50 years have access to one bone mineral density test requested by a medical doctor
- A Pneumovax vaccine in a 5-year cycle per person older than 55 years registered on Medihelp's asthma/COPD programme
- A flu vaccination at Clicks/Dis-Chem pharmacy clinics

Supporting wellness

Maintain a healthy weight

- Free registration for and participation in Medihelp's HealthPrint BMI programme
- One dietician consultation per registered HealthPrint member if a BMI test result at Clicks/Dis-Chem indicates a BMI higher than 30

An alternative to surgery

- Back treatment at a Document-Based Care facility for patients who qualify for this benefit

Chronic Care programme

- People who suffer from high blood pressure, high cholesterol and diabetes simultaneously have access to Medihelp's Chronic Care programme, which will provide personal support through a care coordinator to assist in maintaining and optimising their well-being

HealthPrint

HealthPrint is a free online health and wellness education platform specifically designed for Medihelp members, to add value in a unique and individualised manner to members' Medihelp experience.

How to join

Any member of Medihelp may register via the Medihelp website to join HealthPrint.

After free registration you will be able to download the Medihelp member app which will also give you access to certain HealthPrint functionalities.

What does HealthPrint offer?

Once you've joined, you will have access to the following functionalities and value:

Run and cycle for FREE

HealthPrint members enjoy FREE participation in all Medihelp-sponsored running and cycling events.

Access, update and share health data

Apart from enabling you to check your available benefits, HealthPrint also lets you view and forward a detailed record of your Medihelp claims history and results of screening tests to a healthcare provider. The programme also integrates with certain fitness devices and displays your activity updates online.

Medihelp MultiSport

Runners/walkers in the Gauteng North area and cyclists nationwide may join Medihelp MultiSport and only pay R265 for their annual membership. You also get the following:

- A free club starter pack with goodies
- 50% discount on club cycling and running gear
- The club will support you at various events throughout the year with refreshments at the club gazebo
- Other club branded clothing items, such as jackets, are available at 25% discount

Pregnancy and baby programme

- Once you've registered for the baby programme, you will receive a special gift for your baby.
- You will also receive vouchers and other value on reaching certain milestones, such as your HealthPrint Dis-Chem card with which you can earn double points on certain Dis-Chem purchases and double double points on selected clinic services. Once you've reached 30 weeks and earned enough points at Dis-Chem, you'll be spoiled with a baby bag filled with gifts and samples.
- Through HealthPrint you can also access information about your pregnancy benefits and the procedures to access benefits, as well as receive a regular newsletter.
- Children of members of Medihelp MultiSport get free membership of MultiSport and a kids' MultiSport T-shirt (under 12 years).

A healthy weight

If your BMI is 30 and higher, you can register on HealthPrint for a 12-week weight loss support programme, and HealthPrint will also assist you on your journey to a healthier weight in other ways:

- A special discounted rate of R200 per year and a free joining pack apply when members with a BMI of 30 and higher join Medihelp MultiSport for runners, walkers and cyclists.
- Participants in the healthy weight programme who haven't yet joined Planet Fitness and whose BMI is higher than 30, also get a free in-body assessment and a one-week free pass to the gym.
- You also qualify for a free Medihelp goodie bag after completing your 12-week programme to help you continue on your journey.

Gold status on Clicks ClubCard

HealthPrint members will automatically qualify for gold ClubCard status and earn double points at all Clicks stores on every purchase. Cashback is automatically loaded every two months on the member's ClubCard. Cashback can be spent on anything at Clicks and is valid for 12 months.

Special offer on Planet Fitness gym membership

HealthPrint members have access to a special discount offer from Planet Fitness for gym membership, which includes one FREE Black Tag for any gym partner joining you for a gym session during your membership period.

Discount on complementary health products

HealthPrint has negotiated special discounts ranging between 30% and 10% on health-related products. These products include gap cover, a cancer policy, dental top-up and international travel insurance.

Chronic illness/PMB

We offer 100% cover for 270 conditions and the following 26 chronic diseases treated by designated service providers and networks according to treatment protocols:

- | | | | | |
|--------------------------|---|------------------------------|--------------------------|--|
| 1. Addison's disease | 7. Chronic obstructive pulmonary disease (COPD) | 12. Diabetes mellitus type 1 | 18. Hyperlipidaemia | 24. Schizophrenia |
| 2. Asthma | 8. Chronic renal disease | 13. Diabetes mellitus type 2 | 19. Hypertension | 25. Systemic lupus erythematosus (SLE) |
| 3. Bipolar mood disorder | 9. Coronary artery disease | 14. Dysrhythmia | 20. Hypothyroidism | 26. Ulcerative colitis |
| 4. Bronchiectasis | 10. Crohn's disease | 15. Epilepsy | 21. Multiple sclerosis | |
| 5. Cardiac failure | 11. Diabetes insipidus | 16. Glaucoma | 22. Parkinson's disease | |
| 6. Cardiomyopathy | | 17. Haemophilia A and B | 23. Rheumatoid arthritis | |

Deductibles

Visiting network service providers, making use of DSPs, following the correct pre-authorisation process and negotiating tariffs with your doctor are just some of the ways in which you can manage or reduce out-of-pocket medical expenses.

Procedure-specific deductibles

There are a limited number of low-incidence procedures that require a procedure-specific payment.

| Description |  |  |  |  |
|---|--|---|---|---|
| NECK AND BACK FUSIONS Subject to protocols and pre-authorisation | Member pays the first R11 100 per admission | Member pays the first R9 950 per admission | Member pays the first R8 650 per admission | Member pays the first R7 400 per admission |
| ENDOSCOPIC PROCEDURES Subject to protocols and pre-authorisation Gastroscopy, colonoscopy, arthroscopy and sigmoidoscopy <ul style="list-style-type: none"> • In a day clinic | Member pays the first R2 000 per admission | Member pays the first R2 650 per admission | Member pays the first R2 000 per admission | Member pays the first R2 000 per admission |
| <ul style="list-style-type: none"> • In a hospital | Member pays the first R3 050 per admission | Member pays the first R3 700 per admission | Member pays the first R3 050 per admission | Member pays the first R3 050 per admission |
| DENTAL PROCEDURES UNDER GENERAL ANAESTHESIA In hospital Subject to pre-authorisation and DSP's managed care protocols <ul style="list-style-type: none"> • Removal of impacted teeth* | Member pays the first R3 000 per admission | Member pays the first R3 000 per admission | Member pays the first R880 per admission | Member pays the first R820 per admission |

Summary of exclusions

Please refer to Medihelp's Rules for the medical conditions, procedures and services, appliances, medicines, consumables and other products that are excluded from benefits, with the exception of services which qualify for PMB and authorised by Medihelp. The following is an extract from the Rules:

- Services which are not mentioned in the Rules as well as services which in the opinion of the Board of Trustees, are not aimed at the generally accepted medical treatment of an actual or a suspected medical condition or handicap, which is harmful or threatening to necessary bodily functions (the process of ageing is not considered to be a suspected medical condition or handicap).
- Travelling and accommodation/lodging costs, including meals as well as administration costs of a beneficiary and/or service provider.
- Operations, treatments and procedures of own choice, for cosmetic purposes, and obesity related treatment, with the exception of services which qualify for PMB and are approved beforehand by Medihelp.
- Costs exceeding the Medihelp tariff for a service or the maximum benefit to which a member is entitled, subject to PMB.
- Appointments not kept.
- The treatment of infertility, other than that stipulated in the Regulations under the Medical Schemes Act, 1998.
- Treatment of alcoholism and drug abuse as well as services rendered by institutions which are registered in terms of the Prevention of and Treatment for Substance Abuse Act 70 of 2008 or other institutions whose services are of a similar nature, other than stipulated in the Regulations published under the Medical Schemes Act, 1998.
- The cost of transport with an ambulance/emergency vehicle from a hospital/other institution to a residence/medical doctor's rooms if the visit does not pertain to a hospital admission.
- Emergency room facility fees.
- Physiotherapy services associated with the removal of impacted wisdom teeth.
- Dietician and physiotherapy services rendered in hospital not referred by the attending medical doctor.

CT – Computerised tomography
DSP – Designated service provider

MRI – Magnetic resonance imaging
PMB – Prescribed minimum benefits

This is a summary of benefits. In the event of a dispute, the registered Rules of Medihelp will apply (which are subject to approval by the Council for Medical Schemes). If a beneficiary joins during the course of a financial year, the benefits are calculated pro rata according to the remaining number of months per year.

Prime hospital network

Members of the Prime network benefit options must be admitted to one of the network hospitals or day clinics below when they need to undergo planned procedures.

Our website lists all the network hospitals.

Visit www.medihelp.co.za.

Download our **Medihelp member app**, which is available on iOS, Android and Windows devices.

Our healthcare partners

We partner with preferred providers and networks to give you access to affordable, quality care.

Dental Risk Company

Dental Risk Company (DRC) specialises in offering effective dental managed care solutions and provides Medihelp's dental benefits in partnership with more than 2 200 dentists across South Africa. Members may visit any dentist of their choice, but benefits are managed by DRC and granted in accordance with DRC protocols.

Medihelp Preferred Pharmacy Network

Medihelp's Preferred Pharmacy Network consists of more than 1 900 pharmacies who offer Medihelp members the most cost-effective professional fee structure for prescribed medicine. This means that members who visit network pharmacies will not have to pay any excess amounts for higher professional fees which non-network pharmacies charge to dispense medicine items.

LifeSense, Dis-Chem Direct and Medipost

LifeSense Disease Management is the managed healthcare partner for HIV/Aids-related services and post-exposure prophylaxis, while Dis-Chem Direct and Medipost are the designated service providers (DSPs) for HIV/Aids medicine.

Specialist networks

Two specialist networks (for Medihelp's non-network range and the Prime network range) effectively manage any PMB specialist care that our members may require, while reducing their out-of-pocket expenses. For members of our network options, specific specialist networks also ensure streamlined care between the specialist and the network hospital, especially with regard to PMB services.

Netcare 911

Netcare 911 is our partner in providing emergency medical services.

ICON

ICON is the Independent Clinical Oncology Network to which more than 80% of the country's oncologists belong. They provide the highest quality cancer care through a countrywide footprint of high-tech chemotherapy and radiotherapy facilities. ICON is Medihelp's designated service provider for oncology treatment.

DBC

Medihelp's back treatment programme is offered in cooperation with Document-Based Care (DBC). Each programme is developed by an inter-disciplinary medical team according to the individual's clinical profile.

PPN (optometry network)

The Preferred Provider Negotiators (PPN) provide Medihelp's optical benefits (in options which cover optometry) in partnership with more than 2 700 optometrists across South Africa. Medihelp members may visit any optometrist and benefits are paid according to PPN tariffs.

DSPs for the Prime network range only

MobileMeds

Members must obtain their PMB chronic medicine from a designated service provider (DSP) to avoid a 60% deductible. Order your authorised PMB chronic medicine from MobileMeds.

Dis-Chem Oncology and Medipost

Dis-Chem Oncology and Medipost are the DSPs for oncology medicine.

Explanation of terms

The **back treatment programme** provided by Document-Based Care (DBC) is a non-surgical intervention in lieu of surgery for the management of spinal column disease/conditions/abnormalities. This approach to the treatment of back and neck pain involves an inter-disciplinary team handling the rehabilitation programme, which is individualised for each patient based on the patient's needs and clinical diagnosis. Patients are assessed to ascertain if they are eligible to participate in the programme.

The **Chronic Care programme** provides members who suffer from a combination of high blood pressure, diabetes and high cholesterol with the support they need to contribute to their optimum health. Participation in the programme entails support by a registered nurse who coordinates the member's care to ensure optimal utilisation of medicine and consultations within available benefits, with the objective of improving members' lifestyle and well-being.

Chronic medicine is medicine used for the long-term treatment (three months or longer) of a chronic condition, and which meets the following requirements:

- It must be used to prevent and treat a serious medical condition;
- It must be used for an uninterrupted period of three months or longer;
- It must be used to sustain life, to delay the progress of a disease, and to repair natural physiology;
- It must be registered in South Africa for the treatment of the medical condition for which it is prescribed; and
- It must be the accepted treatment according to local and international treatment protocols and algorithms.

Contraceptives refer to injectable, implantable, intra-uterine, trans- and subdermal as well as oral contraceptives.

Cost means the cost of PMB services, payable in full by Medihelp if the services are registered with Medihelp as qualifying for PMB and rendered by DSPs according to accepted PMB treatment protocols.

CPAP is an apparatus which provides continuous positive airway pressure to assist breathing.

A **cycle** means the stated length of the benefit cycle, commencing on the date of the first service and thereafter calculated from the date of each subsequent service after the completion of a previous cycle, regardless of a break in membership or registration, or change in benefit option.

Deductibles are the difference between the cover provided by Medihelp and the cost/tariff charged for the medical service, and are payable directly to the service provider. Deductibles are applicable in the following cases:

- When doctors and other providers of medical services charge fees which exceed Medihelp's tariffs, the member is responsible for paying the difference between the amount charged and the amount which Medihelp pays;
- When Medihelp's benefit allocation is not 100% (e.g. for original acute medicine), or where the cost exceeds the limit available for the service (e.g. for medical appliances); and
- When the member chooses not to obtain services from a designated service provider (e.g. ICON in the case of oncology) or when a pre-determined deductible is applicable to a specific benefit as indicated per benefit option.

An **emergency medical condition** means any sudden and unexpected onset of a health condition that requires immediate medical or surgical treatment, where failure to provide such treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part, or would place the person's life in serious jeopardy. An emergency medical condition must be certified as such by a medical practitioner. Emergencies qualify for PMB and must therefore also be registered for PMB (see also "PMB").

EVARS prosthesis means endovascular aortic replacement surgery and is considered when the patient suffers from an aortic aneurysm with an accompanying risk for anaesthesia.

Formulary means a list of preferred items (medicine, pathology, prosthetic or otherwise) based on its safety, efficacy and cost-effectiveness, used in the diagnosis and/or treatment of a medical condition (Prime network options only).

Hospital benefits refer to benefits for services rendered by a hospital during a patient's stay in hospital. Services include ward accommodation and ward medicine, standard radiology, pathology and consultations during hospitalisation. Hospital benefits are subject to pre-authorisation and Medihelp pays 80% of the hospital account if the admission is not pre-authorized. 65% benefits are paid on the Prime network options in case of a voluntary admission to a non-network hospital. Procedure-specific deductibles may apply. Emergency admissions must be registered on the first workday following the admission (see also "emergency medical condition").

Explanation of terms (continued)

MMAP – The **Maximum Medical Aid Price** is the reference price used by Medihelp to determine benefits for acute and chronic medicine. The MMAP is the average price of all the available generic equivalents for an ethical patented medicine item.

MHRP – The **Medihelp Reference Price** is applicable to all pre-authorized PMB medicine. The price is determined according to the most cost-effective treatment based on evidence-based principles. The MHRP will differ for the different benefit options and is subject to change (e.g. when new generic equivalents are introduced to the market). Please visit Medihelp's website at www.medihelp.co.za (the secured site for members) for the latest MHRP. Members are advised to consult their doctor when using PMB medicine to make sure they use medicine on the MHRP where possible and so prevent or reduce deductibles.

MT – Medihelp tariff refers to the tariff paid by Medihelp for different medical services, and can include the contracted tariff for services agreed with certain groups of service providers such as hospitals, the Medihelp Dental Tariff for dental services, and the single exit price for acute medicine. The various tariffs are defined in the Rules of Medihelp.

Network benefit options offer benefits to members in collaboration with a medical provider network. Members on these options must make use of the network to qualify for benefits and prevent deductibles. Please visit www.medihelp.co.za for details of the network providers for your benefit option.

Oncology: 98% of all oncology cases qualify for prescribed minimum benefits (PMB), which Medihelp will cover at 100% of the cost in accordance with the protocols as set out in the Regulations published under the Act, while non-PMB oncology is covered at specific benefit amounts per option, provided that oncology is rendered by oncologists within the Independent Clinical Oncology Network (ICON). All oncology treatments will be evaluated on an individual

basis according to ICON's protocols and must adhere to ICON's oncology treatment programmes. Medihelp covers PMB bone marrow/stem cell transplants subject to the applicable PMB legislation. Oncology received outside ICON or that deviates from the protocols is subject to deductibles.

Period refers to the specific duration described per benefit, e.g. dentistry, or the date of enrolment as a beneficiary.

PMB – Prescribed minimum benefits are paid for 26 chronic conditions on the CDL and 270 diagnoses with their treatments as published in the Regulations under the Medical Schemes Act 131 of 1998. In terms of these Regulations, medical schemes are compelled to grant benefits for the diagnosis, treatment and care costs of any of these conditions as well as emergency medical conditions (that meet the published definition) without imposing any limits. PMB are subject to pre-authorization, protocols, and the utilisation of designated service providers, where applicable, e.g. ICON for cancer treatment. Benefits for PMB services are first funded from the related day-to-day benefits.

Protocol means a set of clinical guidelines in relation to the optimal sequence of diagnostic testing and treatments for specific conditions and includes, but is not limited to, clinical practice guidelines, standard treatment guidelines, disease management guidelines, treatment algorithms, clinical pathways and formularies.

Savings account means an account which is held by Medihelp as part of the funds of Medihelp. Funds in the savings account are used to pay for qualifying medical expenses and funds not used, accumulate.

Vascular/cardiac prostheses include artificial aortic valves, pacemakers and related or connected functional prostheses.
