Important: This table provides a guideline for contributions based on a family's composition. On **Prime 2 Savings** and **Unify Savings**, a credit facility equalling the monthly contribution to the personal medical savings account multiplied by 12 months, will be available at the beginning of each financial year. If a person joins Medihelp after January, the savings amount will be calculated based on the remaining months in the year. Please note that late-joiner penalties and employer subsidies were not taken into consideration.

* Pay child dependant rates for children younger than 26 years (21 years for Necesse). On Prime 1, 2 and 3 you only pay for the youngest two children younger than 18 years.
